- 2 Mobile Medical Vans will operate in Bangalore
- 3 Mobile Medical Vans already operating in Pune, Mumbai and Nashik, 5 days a week, from 10:00am to 6:00pm

**Bangalore, July 4, 2018:** Ujjivan Financial Services in partnership with Piramal Swasthya, an initiative under the aegis of Piramal Foundation announced the launch of Mobile Primary Healthcare Programme in **Bangalore**. The Programme targets the unserved and under-served, and endeavors to make quality primary healthcare services available, accessible and affordable for all.

In India, basic healthcare is a critical challenge for the unserved and underserved populace, due to lack of resources, lack of adequate medical centres and steep costs of treatments. Karnataka has made significant progress in providing healthcare facilities to the residents over the last few decades. However, despite the progress, the State has a long way to go in achieving the desired health goals. Inequity in access to healthcare services, as evidenced by health outcomes in Karnataka, makes it imperative to come up with supportive programmes to provide available, accessible and affordable healthcare to the underprivileged communities.

Commenting on the initiative, **Mr. Ittira Davis, MD & CEO, Ujjivan Financial Services** said, “Ujjivan has always conducted self-sustained social development programmes for the benefit of the community at large, and has believed in its CSR well before it was made mandatory under the Companies Act, 2013. Ujjivan has partnered with Piramal Foundation for executing various CSR Programs in the Healthcare space, and on behalf of Ujjivan and in collaboration with Piramal Swasthya, we endeavor to provide technology enabled health services to the community at large, specifically the unserved and underserved.”

**Mr. Vishal Phanse, CEO, Piramal Swasthya** said, “Mobile medical vans have made a positive impact on communities that we serve. Piramal Swasthya envisions transforming the primary health ecosystem in India by providing high impact solutions through thought leadership and partnerships. This collaborative initiative will focus on providing accessible and affordable primary healthcare services to the unserved and underserved communities. Ujjivan Financial Services has been one of the proactive partners in this regard, and we are optimistic that our partnership will aid in improving the state’s health outcomes.”

**About Piramal Swasthya:**

Piramal Swasthya endeavours to bridge the last mile gap in primary healthcare service delivery through its innovative solutions. It is one of the largest implementer of Public Private Partnerships (PPP) programmes in India and has a presence across 13 states with a 3,600+ strong workforce that comprises 450+ Doctors and specialists. The existing collaboration with various corporates and public sector organisations is increasing the reach and deepening the traction within communities, thereby impacting beneficiaries on a large scale. Such collaborations enable Piramal Swasthya to complement and supplement the government’s healthcare delivery efforts while empowering communities. The team believes in the highest standards of ethical conduct in dealing with partners, stakeholders and influencers. The solutions provided mitigate issues of accessibility, availability and affordability in remote areas, and also serve as a platform through which IT-enabled quality healthcare services can be rendered and customised to fulfil specific needs of the society.

**About Piramal Foundation:**

Piramal Foundation is a Section 8 company that develops innovative solutions to resolve issues that are critical roadblocks towards unlocking India's economic potential. The Piramal Group's core values of Knowledge, Action Care and Impact guide the organisation in carrying out its responsibilities towards society. It believes that considerable positive change can occur when we collaborate with like-minded partners and nurture projects that are scalable, ensuring a long-term impact. In line with the Strategic Development Goals, the Piramal Foundation is focused on universal primary education, empowering women, reducing child mortality rates, improving maternal health and improving access to safe drinking water.

The Foundation currently works across 21 states and has impacted over 90 million lives, mostly in partnership with state governments. It has developed innovative approaches and programmes in every vertical and has built strong partnerships with governments, technology partners and international organisations, including with Michael & Susan Dell Foundation, Harvard Graduate School of Education and World Diabetes Foundation. The projects are implemented through Piramal Swasthya, Piramal Sarvajal and Piramal Foundation for Education Leadership.
